At Disability Aids Direct we always aim to ensure that their customers receive a quality service that is conducted professionally and with courtesy at all times. We ensure that installation is quick, safe and clean, and provide a responsive service that is sensitive to our client's individual needs and circumstances. Mary & Mick Heeran from Co-Mayo, Ireland: **"We are finding the stairlift just great - it makes life so much easier being able to go up and down the stairs whenever he wants. The team who fitted it has made a lovely neat job and so quick too."**

Features:

Single, unobtrusive, tubular rail available in cream, grey or brown. Fits to the outside bend of the stairs. Seat folds up when not in use. Charging points at top & bottom as standard (others points available). Soft start and stop for maximum comfort. Stops automatically at the top and bottom of the stairs. Supplied with 2 wireless remote controls, wall mounted or hand held. Option of fully automatic folding hinge, where required. Drop nose rail available. Various parking options at top and bottom. Offset (45 degree) travel available. Minimum stair width 690mm (wall to wall). Maximum weight limit 125kg (19½ st). Installed in less than half a day.
